Time

Each person has a set amount of time in this life.

The years of our life.

Even with the gift of modern medicine, we haven't been able to extend the average lifespan beyond that which God declared.

The Centers for Disease Control (CDC) determined the average American life expectancy is 77.2 years. Worldwide life expectancy is 63 years.

The year 2023 has 12 Months, 365 days, 8,760 hours, 525,600 minutes, 31,536,000 seconds.

Each day is a gift from the Lord. It is up to us to decide how we will use the time given to us.

If your life ended today or this year which, will you hear?

Matthew 25:23 – Well Done My Good and Faithful Servant.

Matthew 7:23 - 'I never knew you; depart from me, you workers of lawlessness.'

"When you were born, you cried, and the world rejoiced. Live your life in such a way that when you die the world cries, and you rejoice." – Cherokee Indian Proverb
