Jesus is the Cornerstone

A foundation is "the lowest load-bearing part of a building, typically below ground level." Another definition is "an underlying basis or principle."

We all have a foundation. It's what we build it on that's important. If we build our foundation on Jesus' words, we have a solid foundation. But if we build it on worldly principles, you might as well build a house on sand. It won't stand the storms of life.

Jesus is our rock. He is our solid foundation. If we build on the principles of Jesus, the storms of life can blow all they want. Jesus is our rock, and we won't crumble under pressure.

Are you ready? Is your foundation on the Rock, or is it on sinking sand? Best to build on the Rock and be strong.
