Angie Harvey (7/21)	Tim Stanz (7/26)
Jerry Peaks (7/30)	

Anniversaries

Joe and Donna Rike (7/24)

Water

Water is the most necessary component of all life on earth. Plants require water to grow; people and animals need water to survive. We are all encouraged to drink 8-10 glasses of water a day or at least 64 ounces. A human can only survive for 8-21 days without water. When we do not drink enough water, it affects our bodies in the following ways:

Your body temperature won't stay regulated.
Your electrolytes will be unbalanced.
Your joints may not work properly.
Your brain may swell.
Your blood pressure may increase or decrease.
Kidney function will shut down.

What about a lack of water spiritually?

John 3:5 - 5 Jesus answered, "Truly, truly, I say to you, unless one is born of water and the Spirit, he cannot enter the kingdom of God.

John 4:13-14 - 13 Jesus said to her, "Everyone who drinks of this water will be thirsty again, 14 but whoever drinks of the water that I will give him will never be thirsty again. The water that I will give him will become in him a spring of water welling up to eternal life."

Mark 16:16 - 16 Whoever believes and is baptized will be saved, but whoever does not believe will be condemned.

Acts 2:38 - 38 And Peter said to them, "Repent and be baptized every one of you in the name of Jesus Christ for the forgiveness of your sins, and you will receive the gift of the Holy Spirit.

Read Through the Bible in a Year

July 8 – July 13, Proverbs 10– Proverbs 31
