Birthdays

Jesse Hall (3/10)
Stan Hendrix (3/18)

Anniversaries

Kenneth and Betty Gossett (3/5)

Redemption Through His Blood - Yellow Fever Story

This is a story that may help illustrate redemption and what Christ has done for us.

In 1927, in West Africa a blood specimen was taken from a native man named Asibi who was sick with yellow fever.

A vaccine was made from this original strain of the virus obtained from this man.

In fact, all the vaccines manufactured since 1927 by the Rockefeller Foundation and other health agencies are derived from the original strain of virus obtained from this one man.

Through the creative imagination of science, the blood of this one man in West Africa has been made available to serve the whole human race.

The blood of Jesus has also come to serve and to save the human race.

For the Word of God declares, "In Christ we have redemption through His blood." (Ephesians 1:7)

We are redeemed through the atonement through the Amazing Grace of Jesus.

Because of his great loveand desire for us to be reconciled, he paid the ultimate price, the full price, to clear the full debt.

1 Peter 1:18-19 - knowing that you were ransomed from the futile ways inherited from your forefathers, not with perishable things such as silver or gold, 19 but with the precious blood of Christ, like that of a lamb without blemish or spot.
